A special cable dispatch stafes that the loyal American and English friends of the United States are galled at the recent proceedings of Minister Johnson in Liverpool, and think him too anxloys to go out of his way to make soft speeches, and that he went too far in allowing himself to be introduced to Taird and greeting him in a friendly manner, and that he fraternizes too much with rebels and English enemies; misrepresents the sentiment of the majority and places the United States in a humiliating attitude.

We have elected the Republican township ticket in Kingwood township, which went copperhead last year. More of the Confidence Game. Our Democratic friends in this city will be pleased to learn (for misery loves company) that they are not the only sufferers by the fabrications that have originated in the *Register* office. The Democrats all over the country have been taken in the same way. Here is a dispatch which appeared in the Cincinnati Enquirer under an

WHEELING, W. VA., Oct. 22, 1668. West Virginia is Democratic. The returns show large Democratic gains. The Democratic majority is estimated at 3,000. Tell your people to "60 and do likewise." Rejoice with us over our deliverance.

The large infusion of "deliverance in this dispatch leaves no doubt about its authorship. On the editorial page of the same issue of the Enquirer we find this joyous message thus expanded, under another prodigious chicken: "We have the glorious news this morning that West Virginia went Democratic on the State election yesterday. This, following so closely upon the heels of our recent disappointment and apparent defeat, is grand indeed. We trust the Democracy of Ohio, Indiana and Pennsylvania wilt pluck fresh courage from it and renew the contest with zeal and determination. Let every Democrat put his shoulder to Let every Democrat put his shoulder to the wheel, and keep it there uptil the 3d of November. Hurrah for West Virginia!"

The result of all this was that the Cincinnati Democrats seeing a good chance to win back the money they had recently bet on Ohio, bet largely staked in that city that West Virginia has gone Democratic. Here is a Washington special which

we cut from a Democratic paper of Sat urday:

urday:
A special to the Evening Express, from Wheeling, says that the Democrats have swept the State, electing our Governor and all the State officers, and carry the Legislature, which elects a United States Senator, and gains two out of three Congressmen.

The Democrats are jubilant every where. Count West Virginia for Seymour and Blair and constitutional liberty by a good majority. This news, if true, will electrify the whole country.

We suppose the "vouthful and in-We suppose the "youthful and in-domitable Democracy" of Washington City, New York, and everywhere else will be betting and losing their money on West Virginia just like they are la Cincinnati and Wheeling.

Cincinnati and Wheeling.

Even Governor Seymour is a victim of these delusions. Here is a dispatch which appeared in Saturday's Enquirer, detailing Gov. Seymour's movements. This is referring to what took place Friday at Erie.

Hon. Francis Kernan then appeared, and after receiving three cheers, spoke at some length. He read the following dispatch, which had just been handed into the car:

d into the car: 'Horatio Seymour, care L. B. Whitney Erie:
"West Virginia elects the entire Democratic ticket and all the Congressmen.
[Signed] "W. W. Armstrono, Cleveland," The dispatch was heard with tremen

The next thing, ; we shall hear of Gov. Saymour betting the money he refused to lend the Government, on West Virginia-and losing ill Insatiate Walker, would not one suffice?

West Virginia. The people out there never do things by halves and we expect their meeting will be worthy of their fame. Tom Marshall and Gen. Swellzer of Pittaburgh are announced to be there "certain," and Mr. A W. have been invited and will probably 971 also speak. This is to be the last Republican rally in that region before the election. We hope it will be a rouser. The speaking will begin at 1 P. M.

and fire walls were thrown down and the damage to property was considerable. At Los Angelo and Visalia the shock was slight and no damage done. Santa Cruez, Monteray and Waslonville suffered little loss. In the State of Nevada the earthquake was scarcely felt. A San Francisco committee of architects, appointed by the Board of Supervisors, report the City Hall as an unsafe building and recommend that it be taken down. Meanwhile the city officials and courts will find other city buildings which are not injured to any great extent for temporary quarters. The damage to the School House was trifling. The school opens as usual on Monday next. The U. S. hospital building having been condemned by proper authorities will be demolished. The patients at present encamped on the grounds adjoining the hospital have no proper accommodations yet provided them. The Custom House is wrecked to such an extent as probably not to be occupied again. The custom officials have removed temporarily to Hayward's building in California street. An sirmy of laborers are at work to-day on the shattered buildings, removing debris from the streets. The merchants are showing no disposition to abandon the location. Some structures are being taken down and others repaired; the vicinity of the wrecked buildings is a busy scene. A shock this morning did more damage to the injured buildings. Some chimneys of different manufactories which suffered considerably from the first shock now have to be demolished and rebuilt. No definite estimate of the damage to property can be made until a proper survey of the entire city is made. Some place the loss as \$300,000 and others at \$200,000, but the latter figure is probably nearest to the true loss as quite a number of buildings have been torn down and reconstructed.

A private dispatch from San Fran-The Democrat (Republican) has a special from Little Rock, Ark., as follows: The Democrat (Republican) has a special from Little Rock, Ark., as follows:

Hos. James Hinds, member of Congress from the 2d district, was assasinated to-day while travelling through Monroe, Hon. Jos. R. Brooks, who was with Hinds, was wounded, but it is supposed not fatally.

James Valsey, an out-spoken Republican, was murdered in the same county, near Clarendon, a few days since.

The Republican (Democratic) has a special from Little Rock, Arkansas, which says the report of the assassination of Congressman Hinds and the wounding of Hon. J. R. Brooks is distrusted. The dispatch further says the Radical party defeated both Hinds and Brooks out of the re-nomination to Congress, both were discountenanced for making a canvass arraigning the the negroes against the Radical Central Committee. Rice & Co., were capable of doing the Radical party a great injury. The Radicals charge the killing to the Democrats had everything to hope from the defection of Brooks and Hines, which would eventually be disastrous to Radicalism; it was to the Interest of the Democrats had everything to hope from the defection of the way; if they were killed the Democrats would gain. The death of both disposes of these dangerous msloontents who were the most influential with the negroes and brings the negroes completely under the control of the Radical ring.

On the 20th fifty negroes attacked Dardanelle, firing into the houses of the whites. The whites rallied and droys them out. A peace meeting was held by the whites next day. [Similar to that held at Camilla, we suppose. EDS.]

Some people stayed away from the dinner given to Beyerdy Johnson last night, because Mr. Laird was invited to be present. That gentleman was requested to stay away but would not. The dilemma of the banqdet was reached, when the chairman introduced Mr. Laird to the American minister. They grasped hands firmly, shook them cordially, and held such other by the handwhile exchanging some words.

Lord Stanley's other prophesies are premature.

The Dally News says Mr. Johnson's task in settling the matters at variance between England and America is light, for it was nearly completed by Mr. Adams, his predecessor. Referring to the friendly meeting between Mr. Johnson and Mr. Laird, the News says Mr. Johnson's charity toward Mr. Laird, who built the Alabama, applies equally to Semmes, who sailed her.

The Telegraph rejoices in the new era of diplomacy as exemplified in ministers meeting and discussing in a friendly manner public questions.

The Standard says if the result of the negotiations pending between the countries prove fulle, it will certainly not be the fault of either of the ministers.
